

Investment Strategy

The investment objective of the Fund is to seek long-term capital growth and income through an actively managed portfolio of stocks, bonds, and money market instruments. The Fund invests at least 20% of assets in fixed-income high quality securities. The Walden Social Balanced Fund is actively engaged in promoting positive corporate change through company dialogue and shareholder resolutions, social screening, public policy testimony and technical assistance.

The Fund's social screening process seeks to identify companies that the Adviser believes are better than peers for environmental performance, employment practices, community relations, and product quality. The Fund avoids investing in companies that, to the Adviser's knowledge earn significant revenues from tobacco, alcoholic beverages, or gaming activities; earn significant revenues from the manufacture or sale of military weapons systems or firearms; have critical, direct involvement in nuclear power production; or significantly support human rights abuses.

Performance represents Fund shares indicated at NAV. Fund has no sales charge and a gross expense ratio of 1.20%. The Adviser annually executes an expense limitation agreement and Fund net expenses are currently (and have historically been) limited to 1.00%. Past performance does not guarantee future results. The performance data quoted represents past performance and current returns may be lower or higher. The investment return and net asset value will fluctuate so that an investor's shares, when redeemed may be worth more or less than the original cost. To obtain performance information for the most recent month end, please call 1-800-282-8782 ext. 7050.

The recent growth rate in the stock market has helped to produce short-term returns that are not typical and may not continue in the future. Because of ongoing market volatility, fund performance may be subject to substantial short-term changes.
